

# MedCircle

MedCircle is a new paradigm for consuming and sharing health information. Instead of searching the Internet you select a health topic, and we will deliver to you the best and latest information in one place, only from trusted sources

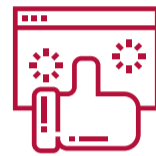

## FOLLOW TOPICS

Select Topics and receive the latest and best health information

## SHARE

Share health information to help people you care about

## FOLLOW EXPERTS

Follow healthcare providers and organizations to receive content

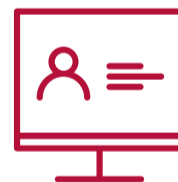

## HELP

Help friends and family by inviting them to MedCircle

## TELL YOUR STORY

Submit your medical experience, your story to help others

## EXPERTS WRITE CONTENT

Healthcare providers create content to educate and engage with patients
